HIGHLIGHTS FROM THE THIRD QUARTER

Solid growth of revenues in a challenging context

Third quarter revenues keep on growing solidly (+16.0% compared to T3 2015), despite a challenging environment for consumption and the French e-commerce sector. Sales increase over 9 months stands at 19.1%.

This growth in revenues is both driven by the increase in the number of buyers (+5.7%) and higher revenues per buyer (+9.4%).

- The increased number of buyers in the third quarter 2016 is driven by the recruitment of new members (close to 700,000 new members in Q3 2016) and a high conversion rate of these new members into buyers.
- The growth in average revenues per buyer is supported by the increase of the average number of orders per buyer (+3.2%) and a higher average basket (+6.0%) which reaches 38.7€.

Accelerated international expansion with the acquisition of Saldi Privati

In early October, Showroomprivé announced the acquisition of Saldi Privati, Italy's second largest actor in online private sales. It constitutes a considerable step forward in the Group's international expansion strategy. This acquisition will allow to improve the quality of service and enrich the offer proposed to its members and to its brand partners, in France and internationally. After the completion of this acquisition, Showroomprivé will achieve more than 20%¹ of its turnover abroad.

A new interface and an improvement in the quality of the customer service

In September 2016, Showroomprivé launched a new version of its website and mobile apps. This redesign offers members and brand partners an even more intuitive and attractive interface to access Showroomprivé's sales events.

The Group also implemented a recast of its customer service data management system to keep on improving the quality of service and response time. Alongside this program, Showroomprivé strengthened its delivery network and implemented a new system to manage returns internationally, allowing to reduce reimbursement delays for members.

REFINING OF THE GROUP'S OBJECTIVES FOR 2016

Showroomprivé's performance over the first nine months of the year allows to refine the range of the Group's objectives for 2016 (excluding the contribution from Saldi Privati):

- Revenues comprised **between €525m and €540m**, representing an increase of between 19% and 22% compared to the revenues in the fiscal year of 2015
- EBITDA margin at Group level comprised **between 5.8% and 6.0%** of revenues in 2016, representing an increase of between 40 and 60 basis points compared to the fiscal year of 2015.

The Board of Directors of SRP Groupe held on October 20, 2016, reviewed and approved the consolidated revenues of the Group as of September 30, 2016.
