- the allocation of free shares under the terms of Articles L.225-197-1 *et seq.* of the French Commercial Code; or
- the implementation of any company stock option plan or other similar plan under the terms of Articles L.225-177 *et seq.* of the French Commercial Code; or

- the delivery of shares upon the exercise of rights attached to securities giving access to the capital ("*valeurs mobilières donnant accès au capital*") by redemption, conversion, exchange, presentation of a warrant or any other means; or
- the cancellation of all or part of the shares so acquired; or
- the delivery of shares (as exchange consideration, as payment or other) in connection with acquisitions, mergers, spin-offs or contributions; or
- the market-making in the secondary market or maintenance of the liquidity of the shares of the company through an investment services provider pursuant to a liquidity contract compliant with the ethical code recognized by the French regulatory authority (the "*Autorité des Marchés Financiers*", or "*AMF*").

This program is also intended to allow for the implementation of any market practice that may come to be permitted by the AMF, and more generally, to carry out any transaction in compliance with the applicable law and regulations. In this case, the company will inform its shareholders through a press release.

The company may acquire a number of shares such that, at the date of each buy-back, the total number of shares purchased by the company since the beginning of the buyback program (including the shares subject of such buy-back) does not exceed 10% of the shares which constitute the share capital of the company at this date (taking into account transactions affecting the share capital

subsequent to the date of this shareholders' meeting), i.e. for information purposes, a buy-back cap of 3,429,184 shares as of March 31, 2017, provided that (i) the number of shares acquired with a view to their retention or future delivery in connection with a merger, spin-off or contribution may not exceed 5% of the company's share capital; and (ii) when shares are bought back to increase liquidity pursuant to the AMF's general regulation (the "*Règlement Général de l'AMF*"), the number of shares taken into account for purposes of calculating the 10% maximum limit indicated above will be equal to the number of purchased shares reduced by the number of shares resold during the authorization period.

Acquisitions, sales and transfers of shares may be made at any time subject to the limits authorized by the applicable law and regulations (except during the period of a public offer) and by any means, in particular either through regulated markets, multilateral trading systems, systematic internalizers or by way of a private placement, including by block purchases or sales (without limiting the part of the share buy-back program which may be undertaken in this way), by public tender offer or public exchange offer, or through the use of options or other derivative financial instruments whether traded on regulated markets or through multilateral trading systems, via a systematic internalizer or by way of a private placement or by delivery of shares arising from the issuance of securities giving access to the capital of the company by conversion, exchange, redemption, presentation of a warrant or any other means, either directly or indirectly through an investment services provider.

The maximum share purchase price under this resolution will be €40 per share (or the equivalent value of this amount as at the same date in any other currency), this maximum price applying only to acquisitions decided as from the date of this shareholders' meeting and not to any forward transactions entered into under the authority granted by a previous shareholders' meeting, and providing for the acquisition of shares subsequent to the date of this shareholders' meeting.

The shareholders' meeting delegates to the Board of directors powers to adjust the aforementioned maximum purchase price in the event of a change in the par value of the share, increase in share capital by incorporation of reserves, allocation of free shares, stock split or reverse stock split, distribution of reserves or of any other assets, amortization of capital, or any other transaction affecting the share capital or shareholders' equity, so as to take account of the impact of such transactions on the value of the shares.

The aggregate amount to be allocated to the share buy-back program authorized above may not exceed €50 million.

The shareholders' meeting resolves to grant full power to the Board of directors, with powers to sub-delegate as provided by law, to decide on and implement this authorization and if necessary to specify the conditions and determine the terms thereof, to implement the share buy-back program, and in particular to place stock market orders, enter into agreements, allocate or reallocate the purchased shares in furtherance of its objectives in accordance with applicable legal and regulatory terms, establish the terms and conditions pursuant to which, if applicable, the rights of the holders of securities or of other rights giving access to the capital will be preserved, in accordance with applicable legal, regulatory or contractual provisions, make declarations to the AMF or any other competent authority, and to carry out any other formalities and generally do all that is necessary.

This authorization is granted for a period of eighteen months from the date of this shareholders' meeting.

This authorization cancels as of this day, as of this shareholders' meeting, any unused portion of any previous delegation to the Board of directors to carry out transactions in shares issued by the company.

1. delegates to the Board of directors, with powers to sub-delegate as provided by law, its authority to decide to carry out increases in the share capital, on one or more occasions, in France or abroad, in the proportions and at the times it sees fit, with preferential subscription rights, by issuing, in euros or in any other currency or currency unit established by reference to more than one currency, with or without premium, free of charge or against payment (i) shares of the company (other than preferred shares) or (ii) securities governed by Articles L.228-92 paragraph 1, L.228-93 paragraphs 1 and 3 or L.228-94 paragraph 2 of the French Commercial Code, giving access, immediately or in the future, at any time or on a specified date, by subscription, redemption, conversion, exchange, presentation of a warrant or any other means, to the capital of the company or other companies (including those of which the company directly or indirectly owns more than half of the share capital), it being stipulated that subscription for shares or other securities may be in cash, or by offset of debt, or by incorporation of reserves, profits or share premiums;

 - allocate at its discretion some or all of the shares or, in the case of securities giving access to the capital, securities the issuance of which has been decided but which have not been subscribed;

- resolves that issuances of warrants entitling their holders to subscribe for the company's shares may also be made by a free allocation to holders of existing shares, it being stipulated that fractional allocation rights and the corresponding securities will be sold in accordance with the conditions set out in Article L.228-6-1 of the French Commercial Code;

- determine the method of payment for shares or securities giving access to the capital to be issued immediately or in the future;
- set, if needed, the terms for the exercise of rights (rights to conversion, exchange or redemption as the case may be, including by delivery of company's assets such as securities already issued by the company) attached to the shares or securities giving access to the capital to be issued, and in particular set the date, which may be retrospective, from which the new shares will rank for dividend, and all other terms and conditions for the completion of the capital increase;
- set the terms on which the company may have the option of purchasing or exchanging on the stock market, at any time or during specified periods, the securities issued or to be issued, whether or not such purchase or exchange be made with a view to cancellation thereof, in accordance with the law;

Sixteenth resolution (Delegation of authority to the Board of directors to increase the share capital of the company or another company through the issuance of shares and/or securities giving access, immediately or in the future, to the capital, without preferential subscription rights, through public offering)

The shareholders' meeting, deliberating in accordance with the quorum and majority required for extraordinary shareholders' meetings, having considered the Board of directors' report and the statutory auditors' special report, and in accordance with Articles L.225-129 *et seq.* of the French Commercial Code, and in particular Articles L.225-129, L.225-129-2, L.225-135, L.225-136, L.225-148, and L.228-91 *et seq.* of the French Commercial Code:

3. resolves to set the following limits to capital increases authorized in the event of use by the Board of directors of this delegation:

- to these maximum amounts shall be added, if the case arises, the aggregate par value of shares to be issued in order to preserve, in accordance with law or regulations and, where applicable, to contractual provisions allowing other adjustment cases, the rights of holders of securities or of other rights giving access to the capital;

4. resolves to set the following limits to debt securities authorized in the event of issuance of securities taking the form of debt securities giving access, immediately or in the future, to the capital of the company or other companies:

- the maximum aggregate par value of the debt securities that may be issued immediately or in the future under this delegation is set at €150 million or the equivalent in any other currency or currency unit established by reference to more than one currency;
- this amount shall be increased, if applicable, by any redemption premium in excess of the par value;
- this amount is independent from the amount of debt securities, the issuance of which may result of the use of other resolutions submitted to this shareholders' meeting and from debt securities, the issuance of which would be decided or authorized by the Board of directors in accordance with Articles L.228-36-A, L.228-40, L.228-92 paragraph 3, L.228-93 paragraph 6 and L.228-94 paragraph 3 of the French Commercial Code;
